

COMPACT MIRROR BRUSH SET

Name of the company: DONGGUAN YACAI COSMETICS CO.,LTD

Founders: YC WORLD

Year: 2025

Description:

Building on YC WORLD' s innovation, the COMPACT MIRROR BRUSH SET blends sustainability, practicality, and chic design.

It comes with a sleek case featuring a built-in mirror for on-the-go use. The brushes combine ergonomic handles and functional heads with a secure (non-magnetic) connection for steady application.

Covering all makeup steps—from foundation to eye details—the portable set balances convenience and versatility, streamlining your beauty routine.

Introduction:

YC WORLD, inspired by groundbreaking beauty tool designs, aims to revitalize the compact mirror brush set market. We strive to create solutions exceeding new sustainability and efficiency standards, focusing on waste reduction while ensuring accessible high - quality products.

Our COMPACT MIRROR BRUSH SET inherits YC WORLD' s innovation. It features a durable, multi - functional storage case (doubling as a handle) and interchangeable brush heads for diverse makeup needs. Notably portable, the compact, neatly - designed set (transparent lid + black body) fits easily into bags. Its foldable mirror enables on - the - go touch - ups. With brushes, puff, and tools organized, it boosts travel - friendly beauty convenience — perfect for quick, refined makeup during commutes or trips.

Technical specifications

In terms of technical specifications, this multi-functional compact mirror makeup brush set is overall small and portable. When stored, it measures 14 cm in length, 9 cm in width, and 2.7 cm in thickness, suitable for daily carrying scenarios. The main body of the storage case is made of durable hard plastic, and the transparent lid facilitates item retrieval. It has a built-in foldable glass-silvered mirror to meet the needs of precise touch-ups.

It comes with 5 makeup brushes. The brush hairs are made of artificial fibers with excellent powder-grabbing ability and durability. The brush handles combine plastic handles with black aluminum tubes,

providing both a good texture and a comfortable grip. Additionally, it includes 1 5-cm square sponge powder puff for daily touch-up needs; 2 double-headed sponge eyeshadow applicators to meet various makeup application requirements as much as possible; 1 foundation brush for base makeup; and a cleaning sponge for basic brush head cleaning.

The makeup brushes adopt a pluggable modular design, and the storage case opens and closes via a flip lid, balancing flexibility, maintainability, and accessibility, providing practical support for makeup operations.
