Tongue-shaped loose powder brush

*Product Features:* The Tongue-Shaped Loose Powder Brush has a tongue-shaped head that fits facial curves well. It delivers loose powder precisely and evenly on the forehead, cheeks, nose wings and chin for a seamless, streak-free finish. With ideal fluffiness, it holds just enough powder (one dip covers most of the face) and prevents over-pickup that causes a cakey look. Its dense, elastic bristles reach overlooked spots like eye and mouth corners for a refined, flawless setting.
